

Xylazine – The Zombie Drug

Jeffrey E. Hansen, Ph.D.
Center for Connected Learning, LLC

In this explainer video, orthopedic surgeon Dr Chris Raynor looks at the new Zombie drug Tranq, that is now taking over Philadelphia and spreading to other cities and states in America in a Tranq-Dope Epidemic. He explains what it is, how it works, why it is so dangerous, and what to do if you are affected by it. [#tranq](#) [#Xylazine](#) [#zombiedrug](#)
