

## **Parents in California are about to Lose Their Kids Under New Law**

"I trusted the doctors; I trusted the teachers. That part was so painful to understand. Parents are bullied. Doctors tell them: "Would you rather have a dead daughter or alive son?" Siyamak sits down with Erin Friday, a lawyer and parent advocate. Today she will discuss California laws on gender transformation, and how she dealt with this personally.

# A third-grade curriculum on identity – and it all comes down to “gender” – more important than anything else, right???

**IDENTITY**  
Who are you?

I know and like who I am and can talk about my family and myself and describe our various group identities.

I know that all my group identities are part of who I am, but none of them fully describes me and this is true for other people too.

I can feel good about my identity without making someone else feel badly about who they are.

The Way We Think  
The Things We Do
