

# Human 2.0 by Psychologist Dr. Ralph Smart

This brilliant talk discusses how technology is hijacking our humanity as we allow it to integrate with our minds, bodies, and souls.

# The phases of Transition

Human intellect is overtaken by artificial intelligence (AI)

We devolve into the abyss  
of a monocratic and  
meaningless life

Media is used to help create this reality by instilling fear, their favorite weapon to make us submit.

HUMAN BEINGS  
ARE NOT  
PHYSICAL CREATURES  
ALONE

A HUMAN BEING IS  
A SPIRITUAL BEING  
HAVING A HUMAN  
EXPERIENCE

MULTI-  
DIMENSIONAL  
BEINGS

But we are not just physical creatures but instead are multidimensional so we can fight back and not be assimilated. We CAN resist and maintain our humanity.
