**Shadow of the Rainbow – Uncensored Case of “Transgender Children”**

## Description

Children”

Dear fellow citizens,  
Two weeks ago, I invited numerous international experts from pediatrics and adolescent medicine as well as affected persons to a symposium around the topic “Transgender regarding children and adolescents” to the EU Parliament.

For all those who missed this interesting expert round in the live stream, I am now making the complete video recording available on YouTube and Rumble.

Get unbiased insights into the topic of “transgender” with scientific explanations, studies, background info, reports from those affected and questions from the audience, beyond the left-wing's woke propaganda.

Children”
